

Say It Again

Go Radio

I know you know you're lost
And ready to go home at any cost
For all your places roamed
All you've found is loss
And now you feel like everything is

Gone too far away
And furthert still with every step you take
I know you'll be okay
You'll bend and if you break
You've got everything it takes

Say it again, what you're waiting for
Sing a little louder, let's be honest
All this talk about something more
Doesn't have to be a broken promise
You are here and I am here with you
Say it again, what you're waiting for
Say it again, what you're waiting for

You'll fall, you'll get back up
Show your face to this defeat
With your chin up
And in every move you make
You will leave it in your wake
Embrace the real, forget the fake

So say it again, what you're waiting for
Sing a little louder, let's be honest
All this talk about something more
Doesn't have to be a broken promise
You are here and I am here with you
Say it again, what you're waiting for
Say it again, what you're waiting for

Somebody shoulda warned you
Everything you leave unsaid
It all goes down with the ship
And lives in the depths
You may be broken
But you're piecing it together now
You may be fearless while you're swinging
But you're striking out

So say it again, what you're waiting for
Sing a little louder, let's be honest
All this talk about something more
Doesn't have to be a broken promise
You are here and I am here with you
Say it again, what you're waiting for

So say it again, what you're waiting for
Sing a little louder, let's be honest
All this talk about something more
Doesn't have to be a broken promise
You are here and I am here with you
Say it again, what you're waiting for

So say it again, say it again

Say it again, what you're waiting for

So say it again

Say it again, what you're waiting for

'Cause you are here and I am here with you

Say it again, what you're waiting for

So say it again, what you're waiting for
