Go Radio

Just a list of things I'd do if I could fly:  
Well I would fly straight to the moon  
to bring the sands back here to you.  
And we'd make castles where we'd spend our days.  
And rooms to last eternities.  
And perfect cracks get fixed with ease.  
And if it falls apart faster than we had planned,  
We'll plan for something else  
Doesn't matter if it's raining or it's dark,  
You'll be my something else  
The only else cared for, you are.

And if I pray for one more thing, it would be time.  
Just a second I could pause,  
Just one more minute I'd exhaust.  
'Cause on the list of everything I need  
There's air but first, there's you and me.  
There's love and love you're everything.  
'Cause I've had dreams where we collected all the  
clocks  
And put them all to bed.  
Because here inside this moment there is us.  
There need be nothing else.  
This is something I've wished for.

If I had to walk the earth a thousand times  
I'd do it 'cause I love you.  
Because if you said I had to,  
I would know it to be true.  
And I would spend every night under the stars  
To memorize the patterns both our  
Heartbeats would make  
It might stop me from shaking.  
And the truth is  
I'd be shameless  
And I'd be grateful  
For this one chance  
For our first dance.  
And you are, you are,  
You are, you are, you are the one.

If I had to walk the earth a thousand times  
I'd do it 'cause I love you.  
Because if you said I had to,  
I would know it to be true.  
And I would spend every night under the stars  
To memorize the patterns both our  
Heartbeats would make  
It might stop me from shaking.  
And the truth is  
I'd be shameless  
And I'd be grateful  
For this one chance  
For our first dance.  
And you are, you are,  
You are, you are, you are the one.
