

## Reanimated Sacrifice

Goatwhore

Deathlike trance devoid of all emotion  
Renounce this path of mortal conceit  
Numb to the impulse of redemption  
Cleansed of grace from this false rapture

Coldness ripens within walls of flesh  
Plague enters through constricting veins  
Maggots penetrate decomposing skin  
Defilement of this sacrificial inception

Bitter darkness of a godless dominion  
Nursing worms with this fresh demise  
Await the moment of the vile insurgence  
Transfer through this gate within deadly rites

Taken by the void, recreate this primal state  
Perish in the poisoned skin of decay  
Emerge from these confines of a rancid fate

No masters rule in this endless grave  
No masters exist in this vengeful rage

No masters rule in this defiled realm  
No masters exist in this accursed state

Reanimated form covered with exposing sin  
Adorned in this carapace of moonless flesh  
Awaken from this starless tomb of rebirth

Surface from this stage of a breathless trance  
Consumed darkness where eyes once dwelled  
Resurrected evil from this vault of death  
Feeding from the open arteries of heaven
