

Don't Wanna Lose That Girl

Golden Earring

She's so fine and she is mine tonight
It took me a long time to know she is right
But now I know for sure that she is good
And that's a feeling that I don't wanna lose
'Cause she's the girl that I never met before
And I hope that I can trust her forever more

And I don't wanna lose that girl (3x)
'Cause she's so kind

She's so fine and she is mine tonight
It took me a long time to know she is right
But now I know for sure that she is good
And I don't wanna lose that girl (3x)
'Cause she's so fine

Every time I meet her, I hold her hand in mine
We walk hand in hand together and that's so fine
When she must go home at nine o'clock
I feel lonely and not so sure

She's so fine and she is mine tonight
It took me a long time to know she is right
But now I know for sure that she is good
And I don't wanna lose that girl (3x)
'Cause she's so fine
