

# I Don't Wanna Be Nobody Else

Golden Earring

Somebody asked me funny questions  
If you could do it all over again  
Would you go for the same thing  
And if you could be somebody else  
Would you hesitate, would you go ahead and change  
You're not an animal  
But if you could choose from all the zoo's  
Which beast would you be  
I don't wanna be nobody else  
I don't wanna be nowhere else  
I wouldn't be with you  
I wanna be with you  
If you could be livin' in a different age  
A different time in history  
Would you buy a time machine  
And if they vote you for president  
Would you go to walk  
A bigger walk or would you make amends
