

# Love Is A Rodeo

Golden Earring

There's no doubt you're beautiful  
You're so full, you gotta be wonderful  
So elastic, it's fantastic  
Pure lovely, not at all like me  
You roped me right into your ring  
With your lasso, with your string

Rodeo, Rodeo,  
Once you think you're riding high, off you go  
Idol, ideal partner in dreams  
Much too perfect to be true  
Here's another one for you

You say climbing in love is better than falling  
Going ahead is better than stalling  
Amplify me, satisfy me  
You unfold me, but you never told me  
How far you've gone to strike upon such technique  
You're a bit of a rat, but you're still unique

Romeo, Romeo,  
Once you think you're riding high, off you go  
Idol, ideal partner in dreams  
Much too perfect to be true  
Here's another one for you  
You say climbing in love is better than falling  
Going ahead is better than stalling  
Amplify me, satisfy me  
You unfold me, but you never told me  
How far you've gone to strike upon such technique  
You're a bit of a rat, but you're still unique

Rodeo, Rodeo
