

Smoking cigarettes

Golden Earring

Smoking cigarettes
Don't know what to do
I was wrong
And now you're gone
Honey, oh honey, I need you

You didn't said hello
Now I know, I can't miss you
And I love you more
Honey, oh honey, I need you

You always said
Tried to understand
I'm just a woman
So don't be sad

Life is short
And nothing more
So when I leave you
I wanna know for sure

Don't call me back
When I say goodbye
Mind what you do
Don't have another try
