

Pray for Japan

Golden Resurrection

In a time
When your heart is broken
Confusion is all you feel

There's hope around the corner
Hold on, together we are strong

Give hope for a new tomorrow
Give hope to all the families
Show love and care for the children
We pray for Japan

We are all here together
We're sharing your suffering

There's hope, around the corner
Hold on, together we are strong

Give hope for a new tomorrow
Give hope to all the families
Show love and care for the children
We pray for Japan

Join our hands
Sons and daughters of Japan
We're united, we're one for you

Give hope for a new tomorrow
Give hope to all the families
Show love and care for the children
We pray for Japan
