

Wasted

Goldfinger

Im wasted again
Pasted out dont know who I am
Im so wasted again
Black out dont know where Ive been
Or who I am

I thought I could make it on my own
I thought I was indestructible
I had an excuse cause i was young
I thought I was so untouchable
I would throw it all away
I would throw my life away

Im wasted again
Pasted out dont know who I am
Im so wasted again
Black out dont know where Ive been
I couldnt admit that I was wrong

I didnt fit in didnt belong
I was young
I was stupid
A life of despair
I was proud
I was angry
I just didnt care
I was everything I never wanted to be
I became my enemy
I would throw it all away
I would throw my life away

I'm wasted again
Pasted out dont know who I am
Im so wasted again
Black out dont know where Ive been
or who I am

They Said I had potential
They said I got whats coming to me
They say I got the devil (the devil)
and I dont know whats wrong with me
whats wrong with me

I'm wasted again
Pasted out dont know who I am
So wasted again
Black out dont know where Ive been
Im wasted again
Pasted out dont know who I am
So wasted again
Black out dont know where Ive been
Cause Im wasted again (so wasted)
Im wasted again (so wasted)
Im wasted again (so wasted)
Im wasted again (so wasted)
(so wasted)
(so wasted)

(so wasted)
