

Got bitches up in VA  
I'm the next mothafucka with the juice  
Hang a hating ass nigga with a noose  
And I pop more bands, than you pop your collar  
And I pop that deuce, my bitch is so bad  
And my bitch is so black, and my bitch ain't a bitch  
But my bitch is a fifth, holding my shit  
All in my coat, selling that dope  
Cause my mama was broke, and my bitches don't love me  
Used to be down with GLJ  
Don't play around, when they play arounds  
All my niggas spit rounds, and my hoes go down like  
Bae, fuck slow  
Finger lick the clit, I said so  
So do what I tell you to do  
Go down, and then I tell you to bounce so...

Bounce that ass for my kinfolk

She knows I'm going all crazy, when I'm diving all in that puss  
y  
My baby doll, my only one, my only girl that I'm screwin'

Badass nigga with a college bitch  
Wanna move her to the metropolitan  
I'm still robbin', and I'm still sinnin'  
And I don't give a fuck, and I'm still that villian  
I'm a gold grill nigga with a black ski mask  
And the high-grade weed and a fucked up past  
Fuck old shit, I'mma make this last  
I'mma make this last and I'm wearin' all black like...

(Here come the men in black  
They won't let you remember)

(You are listening to the God Complex)

Bounce that, bounce that, bounce that ass for my kinfolk  
Spread your fucking cheeks, bounce that ass for my kinfolk  
Bounce that ass, bounce, bounce that ass, bounce  
Shake your little ass faster, shake your little ass faster
