

# Have You Seen That Girl?

GoldLink

Summertime, feelin' good, feelin' great  
Real nigga with the leg on the dock  
Feelin' straight  
All the drug dealing niggas with their gashes out  
Bad hood ass bitches with they asses out

Talkin' bout goddamn  
Have you seen that girl?  
Have you seen that girl?

I was out Fairmont Heights with the hitters  
Then a little bad jawn walk by  
Louis purse to the side, goddamn  
Shorty, where you from?  
Where your momma stay?  
She's at five and one, capping where her Momma stay  
Her ex man still get it wild, right all night babe  
Shit baby, I don't care bout that anyway

Goddamn  
Have you seen that girl?  
Have you seen that girl?

I was out walk, wallin' with the project boys  
Lookin' at this little fine ass joint with her french braid  
Black shades, little attitude, ass wide like a lamp shade  
Down the neck is with the gold grill front  
Roger bitch, with the Louboutin pumps  
Georgetown, where I take her out to lunch

Talkin' bout  
Have you seen that girl?  
Have you seen that girl?

I was out Simple City with the bike niggas  
Talkin' bout mad men then a girl walked by  
Dark skinned woman with a curve on her sides  
I need whole fitty, you my fries on the side  
You can be my little dunk thing for the night  
But ain't bout to get you baby, we ain't bout to ride

Talkin' 'bout where ya ex been?  
Have I seen that girl?  
Have I seen that girl?

I was out Landover, me and all, then all and them  
Lil model tryna know way way back when  
She ain't never give me play  
So I played her friend  
Then she wanna try to holla  
Then I played to win  
Then the homegirl brother tried to fight me  
I had to have the nigga kiss the bottom of my Nikes  
Talkin' bout he from Trinidad so he rep the 12  
I don't give a fuck about ya, see yo ass in hell

Talkin' bout goddamn

Have you seen that girl?  
Have you seen that girl?

I was out Clay Terrace, feeling better than all the guys  
Bad white joined  
Fat ass hips and thighs  
Talkin' bout kill mo, all you do is lie  
I ain't lyin' when I tell you that you fine as wine  
Lemme get a 'lil sip, lemme get a 'lil bit  
Lemme grab on your ass, I mean grab you the gas

Talkin' bout goddamn  
Have you seen that girl?
