Goo Goo Dolls

B **F#**
So much more about you that you never let them see
Em
You turn away
B
But not to me
B
I know how they tried to take you
F# **Em**
Held you up and meant to break you down
B
But you can't be
B
For so long I tried to reach you
F#
I know I'm almost there
Em **B**
I'm close enough for you to see

As **Em**
You've been hiding in the shadows
F# **B**
Have you forgotten how we used to dream
As
Let me remind you
Em **F#**
The light doesn't blind you at all
B
It just helps you see
F#
Can you see

B **F#**
Yeah you have become
Em **B**
Yeah you have become beautiful
