

Caught in the Storm

Goo Goo Dolls

Out on my own
Take me home
Don't you know I'm lonely
I'll give you everything that you ask of me
And I'll give you all I have if it makes you believe
Cause I'm caught in the storm
We call love

I was taught to always turn the other cheek
And you know I took the beating and I stayed up on my feet
And this faith is getting heavy
But you know it carries me
From the streets to the river
Where the broken dreams flow out into the sea

I keep on looking but somethings always missing
I keep on looking for something bigger than me
To the saints to the sinners, all the losers and the winners
Yeah, we're all just looking something, something to believe in

Cause I'm caught in this storm
We call love
So alone come find me
Out on my own
Take me home
Don't you know I'm lonely
I'll give you everything that you ask of me
And I'll give you all I have if it makes you believe
Cause I'm caught in the storm
That we call love
