

# Feel the Silence

Goo Goo Dolls

You lie awake at night  
With blue eyes that never cry  
All you remember now  
Is what you feel

The truth remains  
In midnight conversations  
I asked for this moment  
But you turned away

Sad like a lonely child  
Broken the day you're born  
I held the light to you  
But I was so vain

And you remain  
A promise unfulfilled  
I ask you for more  
But you push me away

And if we feel the silence  
Holding this all inside  
Everything means more now than  
Words could explain

And if we feel the silence  
Holding this all inside us  
Looking for something more to say  
I don't know where I'm going  
Only know where I been  
But you move through my soul like a hurricane wind  
We've been so lost for so long  
I don't know how to get back again  
And we're drowning in the water  
That flows under this bridge  
When you're fighting the current  
You forget how to live  
And I wanted to reach you but I don't know where to begin  
And you remain  
A promise unfulfilled until today

And if we feel the silence  
Holding this all inside  
Everything means more now than  
Words could explain  
And if we feel the silence  
Leaving this all behind us  
When it's gone what will you say

How do we hold on  
How do we hold on  
How do we hold on  
How do we hold on  
How do we hold on

You lie awake at night  
With blue eyes that never cry
