

# Lost

## Goo Goo Dolls

She's so smooth  
Smooth and cool  
She got a secret you don't know  
And she's never letting go

It's amazing  
She ain't changing  
She got a fire in her mind  
And a promise in her eyes

She ain't gonna change  
Yeah she made her mind up  
Baby wanna live  
She don't wanna die young  
Don't you be afraid  
Dare to take a chance, love  
If you lose your way  
I'll be there to find you

Sail away to the sun  
Yeah I hope you find  
A little truth in a world full of pretty lies  
Don't cry, don't cry  
We all get lost sometimes  
We all get lost sometimes

Life gets heavy  
Your heart's like stone  
No I won't let you disappear  
You'll never be alone

She ain't gonna change  
Yeah she made her mind up  
Baby wanna live  
She don't wanna die young  
Don't you be afraid  
Dare to take a chance, love  
If you lose your way  
I'll be there to find you

Sail away to the sun  
Yeah I hope you find  
A little truth in a world full of pretty lies  
Don't cry, don't cry  
We all get lost sometimes

Sail away to the sun  
Yeah you're gonna fly  
Wide awake in a world full of lullabies  
Don't cry, don't cry  
We all get lost sometimes  
We all get lost sometimes

Sail away to the sun  
Yeah I hope you find  
A little truth in a world full of pretty lies  
Don't cry, don't cry

We all get lost so

Sail away to the sun  
Yeah you're gonna fly  
Wide awake in a world full of lullabies  
Don't cry, don't cry  
We all get lost sometimes  
We all get lost sometimes  
We all get lost sometimes  
(Get lost and get back up)  
(Get lost and get back up)  
We all get lost sometimes  
(Just get back up)  
(Just get back up)
