

# No Way Out

Goo Goo Dolls

I've been around  
And I realize it's always the same  
All the time  
And I realize it's all been unchanged  
What I find  
And you realize there's no one home  
There's no way out  
When you realize you're all alone

Some say, there's no way out  
Here today, there's no way out

Every time I'm walking down by Delaware Park  
You rarely hold my hand when it's after dark  
And all of the places that we go and the things that we have seen

[Chorus]  
There's no way out  
There's no way out

Some say  
And you realized that time goes by  
And I'm still in the way  
And you realized you're still alive  
Alive today  
And you realize you're not gonna die  
Ever the same  
And you realize the sun goes by

Some say, there's no way out  
Here today, there's no way out

Every time I come a-knockin' at your door  
You tell me to turn away, pal you're too poor  
I ain't a rich boy, I've heard about all that  
All the places that I go it's ching ching ching

[Chorus]

And I realize it's always the same  
And I realize it's all been unchanged  
And you realize there's no one home  
When you realize you're all alone  
(screaming throughout the above phrase)  
Every time I'm waiting for you in the rain  
My mom says our love is sunk in a God damn vein  
I stand around and I think it's gonna work  
But you look at me like I'm a jerk, oh!

[Chorus: x4]
