

Road To Salinas

Goo Goo Dolls

E5 **B5** **F#5** **E5**
1. Do you think it'd be okay if your willing to let things go
E5 **B5** **F#5** **E5**
Would you lay me to die and try to learn what you don't know

C#5 **A5** **B5** **E5**
*1: I don't know why I got behind the wheel
C#5 **A5**
Sun's in the sky and I was

B5 **A5**
R: On the road to Salinas
B5 **A5**
down the road i thought could free us
B5 **A5** **As5** **A5**
Ordinary dreams would go, and I would always get back home

2. Take the time and try to find the boy inside my brain
Someone waited out on him and he's trying to get away

*2: I dont know why I feel the way I feel
Suns in the sky and I was

R: On the road to Salinas...

3. See myself with someone else and I just dont know why
When i lay my head to sleep I lay awake and cry

*1: I don't know...

R: On the road to Salinas...
