

# What a Scene

Goo Goo Dolls

When you're feeling all wrong in the back of your mind again  
How does it feel?  
When you drop down  
Everything's all the same  
Oh, yeah

Saccharine, caffeine, nicotine gum  
All tastes sweet but it's not for long  
And I just think you thought it would be

And when you're looking for truth on the cover of a magazine  
How does it feel?  
When you found out what you're not going to be  
Oh, yeah

They give you your image and the things you believe  
Open your eyes, tell me what did you see  
And I just think you thought it so real

[Chorus]  
And how does it feel when you're out on your own?  
And now it's too late to go home  
And it's hard to be free when you're down on your knees  
Take it easy 'til you make it alone

Now your supermarket, punk rock, television, comedy  
Out on the scene  
Yeah, I been down now there's no hand to feed  
Oh, yeah

And all the beautiful images lining your walls  
Pop radio screaming down the halls  
And now you think you found something real  
When it's all about money and the things that you need  
Live a big lie and they all believe  
And I just find that somehow obscene

[Chorus]  
And how does it feel to be out on your own?  
And now it's too late to go home  
And it's hard to be free when you're down on your knees  
Take it easy 'til you make it alone  
Take it easy 'til you make it alone  
What a scene  
(Yeah)

It's all been said before  
And all been done  
Take it easy 'til you make it alone  
Take it easy 'til you make it alone

[Repeated over and over]  
La na na na na  
La na na na na

'Cause lies weigh more than truth  
Innocence looks good on you

Now everybody wants to know your name

[Repeated over and over to the end]

La na na na na

La na na na na
