

Time After Time

Good Charlotte

She makes me laugh... she'll make me cry
And when we talk, she wonders why
That I can't breathe into this life
With the things she says I want to die

All the things we talk about
You know they stay on my mind
On my mind
All the things we laugh about
They'll bring us through it every time
After time after time
Cause you're all I wanted to find
Go...

And I would drive the whole night through
Just so I could spend it with you
I know you're mine
And I hope it's true that when we fight, we will make it through

All the things we talk about
You know they stay on my mind
On my mind
All the things we laugh about
They'll bring us through it every time
After time after time

Cause you're all I wanted to find

I'm falling... down

Cause you're all I wanted to find
