

Every Christian Lion Hearted Man Will Show You

Goon Moon

Take this in hand
Send he who stands
Behind the chair
A broken table there

Every Christian lion hearted man will show you
Will show you

Don't forget yourself to sleep
Your cell is palms and apple trees
Now a paper tiger's head
A secret whisper everywhere

Don't walk so tall
Before you crawl
For every child
Is thinking of something wild

Every Christian lion hearted man will show you

Listen up young pretender
Ice water, winter twins
Lined up for pie
Rose water, sugar, and I

Every Christian lion hearted man will show you
Every Christian lion hearted man will show you
Will show you
