

Canada Geese

Gordon Downie

Us middle-aged men just completing
the finishing touches on a dope deal.
It's agreed we get a small piece
in the middle of a cornfield.
When these Canada geese fly south,
we'll harvest in the dark.
We can talk just to ourselves
or we can talk just to the stars.

Us Canada geese held a meeting
in the middle of a cornfield.
It's agreed; we leave in small vees
and meet up again in the real world.
Like middle-aged men smoke dope
and talk just to their cars,
we can talk just to ourselves
or we can talk just to the stars.
