

## All Is Well

Gorefest

I want to be like you  
I'm gonna be like you  
One thing I can tell  
I'm gonna be real well

All I touch turns to shit  
This is my share of success  
I'm walking misery  
Forever I will be

And I know that this will be forever  
Wipe off the dirt and struggle on forever  
All is well

I never will go down  
I'm modern man - I never will go down
