

Tears

Gorgon City

This party's too loud
Can't hear myself think
The voice in my head
Is drowned with each drink
I follow my feet
I follow the beat
I follow anything I can not feel
This party's too loud
Can't hear myself think
The voice in my head
Is drowned with each drink
I follow my feet
I follow the beat
I follow anything

Tears on my t-shirt
Thinkin' 'bout who we were
Can you turn the music up, music up?
I'm tryna forget about real love
Tears on my t-shirt
Thinkin' 'bout who we were
Can you turn the music up, music up?
I'm tryna forget about real love
Tears on my t-shirt
Thinkin' 'bout who we were
Can you turn the music up, music up?
I'm tryna forget about real love

Lost in this room
In faces and bodies
I'm lookin' for you
But comin' up empty
I move in the heat
I move to the beat
I move for everything we couldn't be

I-I, I'm going 'round in circles
I, I'm going 'round in circles
I, I'm going 'round
I'm going 'round in circles

Tears on my t-shirt
Thinkin' 'bout who we were
Can you turn the music up, music up?
I'm tryna forget about real love
Tears on my t-shirt
Thinkin' 'bout who we were
Can you turn the music up, music up?
I'm tryna forget about real love
