Contagious

Gosia Andrzejewicz

I know you feel it (feel it)
It's watch you need (oh oh oh)
We're gonna dance and no we're never gonna leave (oh oh oh)
Now don't you wast it (waist it)
Don't wast no time (oh oh oh)
You need to get up on the floor and ease your mind so...

Dj turn it loud cause i wanna hear my song
Everybody dancing and we going all night long
And you feel it now as the bug is going round
It gets all into you body

Oh this feeling is so contagious spreading all over now
Feeling it taking over you as you bodies move to the sound
Move to the sound oh now
Move to the sound

You know you feel it (feel it)
It's in the air (oh oh oh)
And it touch everybody that is near (oh, oh, oh)
So once you get it (get it)
Just let it go (oh oh oh)
And free yourself and let the rhythm take control

Dj turn it loud cause i wanna hear my song
Everybody dancing and we going all night long
And you feel it now as the bug is going round
It gets all into you body

Oh this feeling is so contagious spreading all over now
Feeling it taking over you as you bodies move to the sound

Oh oh, oh oh, oh oh, yea ee yaaay

Oh woh woh it's moving all over
So woh woh infected you feel
And watch it flow woh woh to everyone hear
And you know it's alright

Oh woh woh its moving all over
So woh woh infected you feel
And watch it flow woh woh to everyone hear
As we go, all night
