

I'm Not Afraid

Gosia Andrzejewicz

I'm not afraid of my mistakes
they made me who I really am
but never knew he hurt me so
It's dark but I can see the light
no time to worry bout the past
but why I'm scared to fall in love

My heart was broken
don't wanna feel this pain again
I need to open
my heart for real love

I don't regret all my mistakes
they made me who I am today
but why I'm scared of love again
don't want to wait cause life is now
too many empty lonely nights
I need to open up to you

My heart was broken
don't wanna feel this pain again
I need to open
my heart for real love

Babe I feel you're my soulmate
don't hurt me please
all I need is you
all I need is love
gonna give you all of me
don't hurt me oh
all I need is you
all I need is you
all I need is you
all I need is you
all I need is..
need is..is you..
