

# You

Gosia Andrzejewicz

Oh baby baby tonight  
Gonna talk to your heart  
You will never be alone  
In my arms you will find your home  
Oh baby baby tonight  
I'll be your guiding light  
Till we see the morning sun  
We'll be dancing here through the night  
Just hold me closer  
I feel it's over  
Oh baby listen to me

For you I would give all my life  
I'd be your lullaby  
If you could turn back time  
But you  
You are breaking my heart  
With empty words and lies  
It's time to say goodnight

Close your eyes  
Close your eyes  
It's time to say goodnight  
Close your eyes  
Close your eyes  
It's time to say goodnight

Oh baby baby tonight  
Leave your worries behind  
Everything will be alright  
'Cause you'll always be in my mind  
Oh baby baby tonight  
Leave your worries behind  
True love will never die  
Baby dance with me for last time  
Just hold me closer  
I feel it's over  
Oh baby hear when I say

For you I would give all my life  
I'd be your lullaby  
If you could turn back time  
But you  
You are breaking my heart  
With empty words and lies  
It's time to say, it's time to say goodnight

Close your eyes  
Close your eyes  
It's time to say goodnight  
Close your eyes  
Close your eyes  
It's time to say goodnight

I can't stop loving you babe  
Can't believe we are ending this way  
But I'll try to... but I'll try to forget

You... why did you break my heart  
With empty words and lies?  
It's time to say goodbye
