

The Only Way

Gossling

I will sleep with arms around me
I will keep myself calm
I will move for only breathing
I will stay here
I will place my hand on yours

The warmth is there, so I'll hold

It will take all my strength to part, from this, from us

I still want you though it hurts
I still want you though you still lie
It's the only way I know
I still want you though I've grown
It's the only way I know.

I have watched your eyes on me
They hold me in, so I can't leave
You can have me when you want
I am yours, I am lost
I still want you though it hurts
I still want you though you still lie
It's the only way I know
I still want you though I've grown
It's the only way I know.

I still want you though it hurts
I still want you though you lie
It's the only way I know
I still want you though I've grown
It's the only way I know.
