Gossling

**Am** **Em** **Am**  
1. I was sour and I never wanted love to start  
**Am** **Em** **Dm**  
I thought, love keeps, for now we'll stand apart  
**Am** **Em** **Am**  
I kept thoughts on how to be alone  
**Am** **Em** **Dm**  
Oh, now I feel my love for you can grow

**C** **Am**  
X: Make and noise so I know you're there  
**C** **Am**  
Just a touch is enough for me my dear

**F** **Am**  
**C**  
**F**  
R: Take up my heartstring, play me what love brings, show me yo  
ur lover ways

**F** **Am** **F** **Am**  
Let feelings flow, tell all you know  
**F** **Am** **C**  
**F**  
Show me you would be, the one who could be, all that I ever  
crave  
**F** **Am** **F** **Am**  
The fire of, my Wild Love

2. The way through our lives with another one  
Is the lone way our hearts won't come undone  
I took some time to come to you  
But, now I see the reason my love grew

X: Make and noise...

R: Take up my heartstring...

X: Make and noise...

R: Take up my heartstring...
