

## Reason for This

Gotthard

Can't say what it is and I don't wanna know  
Just how many times I tried to let go  
Lines in between every right and wrong  
All get tangled whenever you phone... No!  
I'm on my feet but I'm falling  
Don't wanna play but I'm all in  
You are the reason for this  
You are the reason for this  
Can't say why it is and I just can't say no  
What keeps me coming back like nothing I know  
Say what you mean, I won't get you wrong  
But don't get started, I'll never move on ... No!  
I'm on my feet but I'm falling  
Don't wanna pl  
ay but I'm all in  
You are the reason for this  
You are the reason for this  
I got this feeling inside of me  
I know you're no good for me  
I got this feeling inside of me  
I gotta move on and I need to breathe  
Today is the day this time I'm going strong  
I've held my breathing but never so long... No!  
I'm on my feet but I'm falling  
Don't wanna play but I'm all in  
You are the reason for this  
You are the reason
