

# Locked Into Green

Graham Parker

G Dm Em C  
I find I fall into each night what passes for a dream  
G Dm Em C  
But all I see are pinks and blacks and I don't know what they mean  
Cm Gm Bm E  
My opponent's got the edge but his face just can't be seen  
E C D G C G  
And I.....'m locked into green

I been up since 8 o'clock smoking endless cigarettes  
And I'll be at the table as the bookies take their bets  
A shot of drink to steady nerves and I'll wipe that table clean  
And I.....'m locked into green

C G  
Reds and blues, yellows, greens and browns  
C D  
If I keep my eye in I will put them down  
Cm Gm Bm  
E  
There's other ways of life out there but there's nothing they could mean  
E C D G F E  
Because I.....'m locked into green  
E C D G C G  
Oh I.....'m locked into green  
G G C G G G C G

I'm locked into green, I'm locked into green  
G G  
I'm locked into green
