

# That's Where She Ends Up

Graham Parker

Pre>

G

It's not right the way that you deal with her  
She's not something you handle like cash  
To be undressed like sunday's leftovers

G d g

To be picked on monday and tuesday in the trash

D g

That's where she ends up

It's not right the way that you don't listen  
She's not something you hang on a wall  
To be moved at the earliest convenience  
Well you say that you love her  
You don't love her at all you don't love her at all

Bridge

C

One day you'll look round and she won't be there

G dc

She'll disappear in front of your face

C

She'll walk over you as if you weren't there

G dc

You never really were there anyway (instrumental verse)

You can buy her a slice of the good life  
But you're buying time that's all  
One day she'll pull out the big knife  
Well you say that you love her  
You don't love her at all you don't love her at all

Bridge

One day she'll get wise and drop the big one  
And disappear in front of your face  
That's what comes from lies and living in one  
She never really was there anyway she never really was there an  
yway

D g c g g d c

That's where she ends up never really there anyway (5 times)
