

## Get Ready for Power

Grave Digger

There are right for your show  
We will show you the way to go  
Why don't you stay with us tonight  
You soon will see that we are right  
You're such lovely people  
Shovin' 'round the floor  
If you have to fight  
Step outside the door  
We say hello, good evening one and all  
We are so glad to see you in this hall  
We're gonna play you all your favorite songs  
And we all hope you're gonna sing along  
Rock'n'Roll, the time is right  
Get ready for power  
And if you like to, please pour another glass  
It's up to you now to do what we have asked  
There's nothing else that you will have to do  
On with the show, we wish good health to you  
Yes, that's power baby - ain't great  
Roll'em over, baby - tell it straight  
Show's on baby - one more cry  
Why, why, why don't we try
