

Love Is Breaking My Heart

Grave Digger

Shadows on the wall
Cold as ice
Snd you break my heart
Too many times
I don't wanna lose you
You passing by
I can't live without you
In the night
I just can't forget you
But love still the done
No will tomorrow
When you go
Love is breaking my heart
Running sips so strange
Selled to the gone
You left my feelings
For behind
Alone in my deep dreams
Deep in my mind
I feel your poison
Makes me blind
