

# Murderer

## Grave Digger

You bloody liar  
I feel the spear  
You've spread the poison  
And I've learned my lesson  
I hear the wind,  
Whispering in my ear  
I see the light of day  
I feel death is near

Murderer - What have you done  
Murderer - The hero's gone  
Murderer - With pain you shall die  
Murderer - Your soul will cry

The sun goes down, the night is falling  
Gods of darkness surround my soul  
You faceless evil, you took my blood,  
Heaven knows who murdered me

Murderer - What have you done  
Murderer - The hero's gone  
Murderer - With pain you shall die  
Murderer - Your soul will cry
