

# Shoot Her Down

Grave Digger

Watch her style  
Demon's smile  
Walkin' down the road  
Dressed in black  
Don't look back  
Lies that's what she told  
Evil speel  
Came from hell  
Far from down below  
Shoot her  
Shoot her  
Shoot her down

Shoot her down  
I said down down down  
Shoot her down  
I said down down down  
Shoot her down  
I said down down down  
Shoot her down  
I said down

Made me weak  
Struck her feet  
Right into my balls  
Got my knife  
Took her life  
Watched her as she crawled  
Loved her so  
Had to go  
Down where she belongs  
Shoot her  
Shoot her  
Shoot her down
