

Venial Sin

Grave

I fornicate and revel in lust
Still forever in the grace of God
Repenting my petty crimes
I pay by praise and start again

Confide in me my child
I'll wipe your conscience clean

It's just another venial sin

Sin by Sin, I cannot fail
My holy church defends me
Repeating my petty crimes
My reason and my trust divine

Confide in me my child
I'll wipe your tears away

It's just another venial sin

Confide in me my friend
I will wipe your conscience clear
Your robe is as red as the blood on your hands
Yet clean as the virgin white

(solo)

The children seem so pretty
Through the eyes of our lord
Sin my son, Sin!
I will make you pure once again

I fornicate and revel in lust
Forever in the grace of God
Repenting my petty crimes
I pay by praise and start again

Sin by Sin, I cannot fail
My holy church defends me
Repeating my petty crimes
My reason and my trust divine
