And give me a lift with poor Kit on the pond

2. I knew that the ice grew weaker each day But still took the risk and kept haulin away One evening in April bound home with a load my mare showed some halting against the ice road She knew more than I did as matters turned out Been lucky for me had I joined her in doubt She turned round her head with tears in her eyes As if she were sayin "You're risking our lives"

All this I ignored with a whip handle blow

C D7

For man is a stupid dumb creature you know

G D

And the very next moment the pond gave a sigh

C D G

and up to our necks went poor Kitty and I

R: Lay hold William Oldford...

Em

And if I had taken wise Kitty's advice

C walk down to Am D

I ne'er would have made that short cut on the ice

G D

Poor creature she's dead, poor creature she's gone

C D G

I'll ne'er get my mare out of Tickle Cove Pond

3. I raised an alarm you could hear for a mile and neighbours showed up in a very short while

You can always rely on the Oldfords and Whites
To render assistance in all your bad plights
To help a kind neighbour is part of their lives
The same can be said for their children and wives
And with the rope fastened around the mare's breast
William White for a shanty song made a request

Em

There was no time for thinkin no time for delay ${\color{red} C} \hspace{1cm} {\color{blue} Am} \hspace{1cm} {\color{blue} D}$ Straight from his heart came this song right away

R: Lay hold William Oldford... (2x)
