

Widow In The Window

Great Big Sea

Am G Am

Waiting for the nightingale to sing

Am G G

Waiting for the harbour lights to dim

Am G Am

I've been on the outside lookin' in

Am G G

While the widow in the window waits for him.

C Am

R1: But he won't be back

C Am

Can't you realize that?

C Am G

And he's laughing at your sorrow

Am G Am

Waiting for a ship that won't come in

Am G G

Waiting for a tear to reach her chin

Am G G

I'm knockin', but she will not let me in.

C Am

R2: And he won't be back

C Am

Can't you realize that?

C Am G

And he's laughing at your sorrow

C Am

How can I explain, your love is all in vain

G

While he wastes your precious hours

G Am C G

I could fill your days with flowers.

C Am

How can I replace the smile upon a face

C G Am

Of a lover that I can never be

Am Ab7

How can I begin to make you love again

C Am G

And try to make you see

C Am

And he won't be back

C Am

Can't you realize that?

C Am G

And he's laughing at

Your sorrow

R1: But he won't be back...

R2: And he won't be back...

Am C G
