

# Can't Shake It

Great White

Young man in Morocco buys a diamond ring  
Takes it across the water just to see what luck it brings  
Young girl dressed in midnight sets his blood on fire  
You can't buy my soul with gold but my heart is up for hire

I can't shake it  
I can't shake it  
I can't shake it  
I just can't shake it

Driving in your Fleetwood to the sport of kings today  
Top hat, cane and ascot, well, that's the game you play  
Jumping from a window, shirt half off your back  
Better take the elevator and find another track

I can't shake it  
I can't shake it  
I can't shake it  
I just can't shake it  
I can't shake it  
I can't shake it  
I can't shake it  
I just can't shake it

I got a monkey on my back and I  
I got a monkey on my back and I  
I can't shake it  
I can't shake it  
I can't shake it  
I can't shake it

I can't shake it  
I can't shake it  
I can't shake it  
I just can't shake it  
I can't shake it  
I can't shake it  
I can't shake it  
I just can't shake it

I got a monkey on my back  
I got to find my track, lord, lord

I can't shake it  
I can't shake it  
I can't shake it  
I just can't shake it  
I can't shake it  
I can't shake it  
I can't shake it  
I just can't shake it
