

# You Ain't So Good For Me

Greedy Invalid

Like a white dwarf  
in the darkness of space  
You swallow down  
everything that lives  
I met you on the stairs to universe  
And I didn't know  
that you're gonna eat me up too

I'm not sure if I can get over this  
I was dependent on your poisonous kiss  
Your look is killing me every time  
I meet that devil in you eyes

You ain't so - so good for me  
You ejected me like f\*\*\* trash  
You ain't so - so good for me

You promised love forever  
and I trusted in you  
I believed your sweet words  
full of hidden venom  
And when I laid naked on the floor  
You did the best you could  
to burn me down
