

Sugar Youth

Green Day

What are the symptoms of our happiness and Civil War?
Mano y mano in the stereo without a cure
I've got a fever a non-believer and it's killing me
Like a high school loser that will never ever ever ever fuck the prom queen

I got the shakes and I'm on fire
I got a feeling and it's dangerous
I'm gonna dance to something wild
I got a feeling and I need a rush
All hell is breaking loose and heaven only knows
I don't wanna be a Romeo
I don't wanna be a Romeo
I don't wanna be a Romeo, no

I'm hearing voices up inside my head
(Oh what you thinkin'?)
I need a sugar fix it's making me sick
(Oh what you drinkin'?)
I wanna drink all the poison in the water
I wanna choke like a dog that's on a collar
I am the child of coyote and bandito
I'm drinking whiskey by the river doing yeyo!

I got the shakes and I'm on fire
I got a feeling and it's dangerous
I'm gonna dance to something wild
I got a feeling and I need a rush
All hell is breaking loose and heaven only knows
I don't wanna be a Romeo
I don't wanna be a Romeo
I don't wanna be a Romeo, no
