

Feel yourself
Running from an open wave
Hiding in a summer day
And you can't get out
And your friends will say
Time will heal a broken heart
Here's your perfect place to start
But you can't get out

And you wonder when it all begins

I'm not running away, I'm not running away (running back to you)
I'm not running away, I'm not running away (running back to you)
19 years have all gone down the drain
And I'm not running away

You wonder when
Everything will make more sense
Well, it never really is
What you want
And you've learned to say
Time will make it easier
Nothing's ever easy here
Haven't you figured it out?

And you wonder when it all will end

I'm not running away, I'm not running away (running back to you)
I'm not running away, I'm not running away (running back to you)
19 years have all gone down the drain

I'm not running away, away, away, away, way
Well, everybody wants to get away
Well, 19 years, same old place
It's the same, old faces and no, no, no
I can hear your screaming
I can hear you scream

I'm not running away, I'm not running away (running back to you)
I'm not running away, I'm not running away (running back to you)
19 years have all gone down the drain
And I'm not running away
I'm not running away
I'm not running away
I'm not running away
