

# Brightest Smile in Town

Gregg Allman

Some people cry the blues, I never could  
I had no time for tears, life was too good  
I had the brightest smile in town, oh yeah  
You took it baby, and turned it upside down

Everything went my way, life was a ball  
Then you came along and changed it all  
You took the brightest smile in town  
Oh you took it baby, and you turned it upside down

You brought me love, oh tender love  
That made my whole world glow  
Then you took it all away  
Just why, I'll never know

You brought me love, oh tender love  
That made my whole world glow  
Then you took it all away  
Just why, I'll never know

I'll soon forget in time and smile again  
But I will never, never smile as I did then  
You took the brightest smile in town, oh yeah  
You took it baby, and you turned it upside down

Took it and turned it upside down
