

# Black a Kill Black

Gregory Isaacs

Lord, yeah

Black a kill black, Lord  
But a go bounce right back, yeah  
Let me tell you

Political violence cover the earth  
Men don't know what life a really worth  
While youths go selling themselves like whores  
Robbing, raping and killing the poor

Mi say black a kill black, whoo  
But it a go bounce right back, yeah  
Black a kill black, Lord  
But it a go bounce right back  
Yeah, oh yeah

Down here in the ghetto of the slum  
We've been robbed of our rights and freedom  
But I know that things has got to change  
'Cause Jah Jah got all men into his range

Black a kill black, Lord  
But a go bounce right back, yeah  
Black a kill black, Lord  
But it a go bounce right back

Lord (black, black)  
Yeah (black a kill  
Lord (black, black)

Down here in the ghetto of the slum  
We've been robbed of our rights and freedom  
I know that things has got to change  
'Cause Jah Jah got all men into his range

Mi say black a kill black, whoo  
But it a go bounce right back, yeah  
Black a kill black, Lord  
But it a go bounce right back, yeah

Mi say black a kill black, whoo  
But it a go bounce back, yeah  
Black a kill black, whoo  
But it a go bounce back, alright  
Lord, Lord

Black a kill black  
But it a go bounce back  
Bound to bounce back..
