

Down the Line

Gregory Isaacs

Went down the line
Said I went down the line
Bought myself a dew
And as I was about the build myself a spliff
Here comes a cop, from behind
Bring me up and started sniff
He told me, hand out your pocket, yeah
Hands up your head
'Cause if I should find a seed
Than I shall surely lock away the Dread
Jah know, them want come hold I up
But them can't come hold I up
Them want, them want, come hold I up
Jah know, but them can't come hold I up

Down, down, down the line

Are we not free to walk?
Are we not free to talk?
This ain't no time to joke
'Cause I know we are free to smoke
You can't come, hold I up
I say you can't come, hold I up
So no bother come hold I up
Because you can't come hold I up, yeah

Down, down, down the line
Down, down, down the line
Down, down, down the line, yeah
Down, down, down the line
Going down the line
Down, down, down, down, down the line, ooh
Down, down, down, down, down...
