

Give a Hand

Gregory Isaacs

Each day, as you walk along the streets
Show some love to the people that you meet
Please, give a hand if you can
To your fallen brothers
'Cause without love
I know you just can't go on
I know you just can't go on

Each night, as you close your eyes to sleep
Give praise to God
And your soul He'll surely keep
Please show some love
To your fallen brothers, oh yeah, yeah
'Cause without love
I know you just can't go on
I know you just can't go on

Each day, as you walk along the streets
Show some love to the people that you meet
Please, give a hand if you can
To your fallen brothers
'Cause without love
I know you just can't go on...
