

Happiness Come

Gregory Isaacs

I'll thank God for what He has done
Dear Lord, you make my happiness come
Now you showed me right things from wrong
And that's why I'll keep on singing my sweet songs

Oh yeah, I know that my life couldn't be the same
With this kind of living here and this kind of strain
So Lord I'll be right by your side
Dear Lord, and by your laws only I'll abide

No, I don't wanna do wrong
And that's why I'll keep on singing my sweet songs
I'll sing praise to you, you know that it's true

Dear Lord, I know that my life couldn't be the same
With this kind of living here and this kind of strain
So Lord I'll be right by your side
Oh yeah, and by your laws only I'll abide

No, I don't wanna do wrong
And that's why I'll keep on singing my sweet songs
I'll sing praise to you, yes I will
You know that it's true, yeah
