Hard Time

Gregory Isaacs

Hard time
Won't you leave me alone
I am just a mortal man
Can't make blood out a stone

Now the race is not for the swift
Nor the battle for the strong
But for those who can endure
Cah this ya hard time seems long

Ah me say hard, hard time
Please, to leave me alone
I am just a mortal man
Can't make blood out a stone
I said I've done no wrong

Now the race is not for the swift
Nor the battle for the strong
But for those who can endure
'Cause this ya hard time seems long

Hard time – ooh wee
Hard time
I am just a mortal man
Can't make blood out a stone

Hard time
Always bring hard crime
Ah me say "hard time"

Can't make blood out a stone
Won't you leave me alone

Hard time
Can't make blood out a stone
