

Hush Darling

Gregory Isaacs

We gonna lay it on
bright and early cause the heat is on
and I know that you are ready
let us lay it on
now that we are moving in the groove

And mi seh Hush darling
even if it hurts to cry
Hush darling
cause I'm a gonna tell you why
Hush darling
cause after a storm
there must be a calm
and I will keep you warm
Darling, ummmmm, darling...

We gonna lay it on
bright and early cause the heat is on
and I know that you are ready
let us lay it on
now that we are groovin' in the groove

Hush darling
even if it hurts to cry
Hush darling
cause I'm a gonna tell you why
Hush darling
cause after a storm
there must be a calm
and I will keep you warm
Hush darling
wait a little longer
Hush darling
cause love is getting stronger
Hush darling
cause after a storm
there must be a calm
and I will keep you warm

darling
