

One Man Against the World

Gregory Isaacs

Hmm.. victory is mine

Fighting against conviction, yeah
One man against all nation, hmm
I didn't possess, no diamonds nor no pearls
So I became, one man against the world, Lord
One man against the world, ah bwoy

Fighting against men and people, yeah
Fighting against all evil, Lord know
Don't care where they're from
Or who they really are
They might win the battle
But they just won't win the war

'Cause I am
One man against the world, oh
One man against the world, hmm
The victory is mine, Lord know

Fighting against conviction
Say this ya one man against all nation
I didn't posses, no diamonds nor no pearls
So I became, one man against the world, Lord God
One man against the world, hmm
The victory is mine, Lord know

Fighting against men and people, yeah
Fighting against all evil, Lord know
Don't care where they're from
Or who they really are
They might win the battle
But they just won't win the war

'Cause this ya
One man against the world, oh
One man against the world, Lord
One man against the world, yeah
The victory is mine
